

## CONSTRUCTION COMPLETE ON THE GUNGAHLIN DRIVE UPGRADE

Morning peak time traffic congestion is set to be reduced for commuters using Gungahlin Drive with work now complete on the upgrade project.

The project includes an additional southbound lane constructed on Gungahlin Drive from approximately 500 metres north of the Sandford Street intersection through to the Barton Highway off ramp.

Improvements were also made to the Well Station Drive and Gungahlin Drive intersection to signalise and duplicate the left turn into Gungahlin Drive.

The Gungahlin Drive upgrade was the first project to commence as part of a series of improvements to the Gungahlin road network and works are continuing on other arterial roads.

Other projects currently underway include:

- > Horse Park Drive stage 1 duplication between Well Station Drive and Anthony Rolfe Avenue
- > Gundaroo Drive stage 1 duplication between Gungahlin Drive and Mirrabee Drive
- > extensions of Manning Clark Crescent and The Valley Avenue
- > an upgrade at the Barton Highway/Gundaroo Drive/William Slim Drive roundabout to provide an additional traffic lane as well as traffic signals.

At the end of this year and early into 2017 works will also get underway on additional upgrade projects including the duplication of Horse Park Drive between the Federal Highway and Mulligans Flat Road.

## GUNGAHLIN FLEXIBLE TRANSPORT SERVICE

The popular flexible transport service is now accepting weekday bookings in Gungahlin.

The pickup and drop off service helps people with limited access to public transport such as seniors and those with a disability. Buses are wheelchair accessible.

It's a great way for people to access medical appointments, go to the shops or visit family and friends.

 For more information visit [transport.act.gov.au](http://transport.act.gov.au)

## MESSAGE FROM THE CHIEF MINISTER, ANDREW BARR

Everyone has the right to feel safe in their home. The issue of family violence is something that affects all Australians, indeed all Canberrans. It's not a police problem, or a government problem, or a poor people's problem, or a Canberra problem. It is everyone's problem.

We need to work together as a government, as individuals and as a community. That is why the ACT government is investing \$21.4 million over four years to tackle family violence – the single largest new funding initiative in the ACT's history on addressing family violence.

This package is coupled with new laws to broaden the definition of family violence to include emotional, psychological and economic abuse, along with increased legal protection for victims. Put simply this is about doing everything we can to stop our neighbours and friends being hurt in their homes.

## LIGHT RAIL CONTRACTS SIGNED AND WORK UNDERWAY

Contracts have now been signed with light rail consortium, Canberra Metro, paving the way for the start of construction.

Stage one will see the construction of 12km of light rail track, 13 stops, 14 light rail vehicles and a depot.

The new Transport Canberra agency is tasked with coordinating buses and light rail planning, timetabling and fares, and developing a single ticket for use across the system.

The ACT Government estimates the cost for light rail will be approximately \$710 million and makes up less than one percent of the ACT budget. A capital contribution of \$375m will be made towards the project from 2018/19, funded from the sale of assets such as ACTTAB, ageing public housing and ACT Government office accommodation. The Australian Government has contributed \$67 million toward the project.

Keep up to date at [transport.act.gov.au](http://transport.act.gov.au)

## FIND-A-TRADIE IN CANBERRA

Need a tradie, plumber or builder but want someone who you can trust?

Access Canberra has recently added an easy-to-navigate directory listing every locally registered, accredited and licensed construction and design professional to help make your next renovation or repair easier.

The list will be updated regularly to reflect changes to the number of licensed and registered professionals, while ensuring you have confidence that your tradie is appropriately licensed to carry out the job.

You can find the Directory at [act.gov.au/licences](http://act.gov.au/licences)

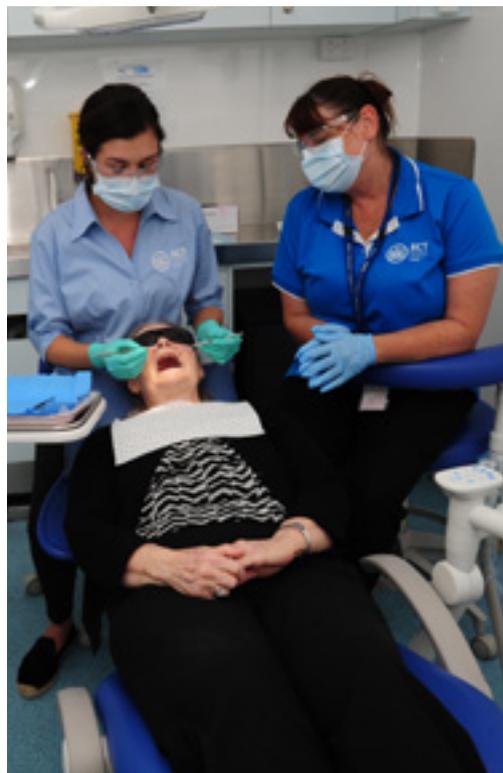

## TAX REFORMS CREATE BOOST FOR SMALL BUSINESS AND HOUSING AFFORDABILITY

The 2016/17 ACT Budget provides support for Canberra businesses by abolishing insurance tax and making further cuts to Stamp Duty, which will improve housing affordability in the ACT.

The payroll tax threshold has also been lifted to \$2 million. This change means that any Canberra business that generates less than \$2 million per year will be exempt from payroll tax.

Tax reforms also include an effort to ensure people pay their fair share of tax. This reform will see specialist investigators working within the ACT Revenue Office to identify tax evaders in Canberra. The initiative is projected to recoup \$27 million over four years.

## IMPROVED DENTAL WAIT TIMES ARE WORTH SMILING ABOUT

Canberra's wait times for restorative dental treatment and dentures have halved in recent years, and kids no longer have to wait at all.

ACT community health centres offer dental programs and can triage for emergency dental care. Please note co-payments may apply.

Restorative dental care involves the diagnosis and treatment of dental disease, including examination, diagnosis, x-rays, fillings, extractions and root canal therapy.

To make a booking and for more information on eligibility, visit: [health.act.gov.au/our-services/dental](http://health.act.gov.au/our-services/dental)

## NEW FITNESS STATION AT YERRABI POND DISTRICT PARK

It's now easier than ever to get and stay fit with a new fitness station installed at Yerrabi Pond District Park. It offers a variety of exercise equipment including chest press, seated rower, leg raise, dip bars and pull up machine.

Fitness stations are part of the ACT Government's commitment to encouraging Canberrans to make healthy choices and lead active lifestyles.

## GREEN BINS FOR CANBERRA

Canberra households will be able to opt-in to a new green bin service to dispose of garden waste.

After a 12 month pilot starting early 2017, a city-wide rollout will follow soon after.

Weston Creek and Kambah have been chosen for the pilot. This region covers a good sample size of households and will give the government an understanding of the trucks and infrastructure needed to deliver the service, the regularity required for pickups, and the impact a city-wide rollout would have on existing waste facilities.

'Green bins' will help to divert some of the 5,000 tonnes of garden waste that is currently going to landfill each year.

**i** For more information and to register your interest visit [act.gov.au/greenbins](http://act.gov.au/greenbins)

## EXPANDED OUTPATIENTS DEPARTMENT IMPROVES WAITING TIMES

With more than 5,500 appointments every month, one of Canberra Hospital's busiest departments has been refurbished and is now taking patients.

The new Central Outpatients Department now has four new consultation rooms and two reception and waiting areas. The \$1.1 million refurbishment increases consultation capacity by 15 percent, improving waiting times for specialists in the ACT.

## FREE HOP-ON HOP-OFF CITY BUS LOOP

Locals and tourists now have access to a free City Loop bus for a one-year trial. The hop on, hop off service will provide a convenient link to key city hubs such as the city bus station, Canberra Centre, Braddon precinct, Northbourne Avenue, the Australian National University and New Acton precinct.

The City Loop will allow people to also connect with high frequency Red and Blue Rapid services and buses to the Parliamentary Triangle.

A new digital school administration system that will benefit parents and carers is set to come online over the next three years.

Benefits include:

- > Fewer paper forms being sent home with children.
- > Permission slips, consent forms and payments submitted online.
- > Online access to academic reports.
- > Faster absence notifications to parents and carers sent directly to personal devices.
- > Streamlining of the enrolment process – with key information provided only once.

The system builds on the successful digital services already available in Canberra Public Schools including high speed internet and Google Apps for Education.

The 2016-17 ACT Budget outlines \$55 million in new initiatives to improve our schools and state-of-the-art facilities, and strengthen the capacity of schools to support students and their families.

## SMART BINS BETTER FOR ENVIRONMENT

Solar-powered, self-compacting rubbish bins are currently being trialled in Wright, Campbell and Eastlake Parade on the Kingston Foreshore.

The 'Bigbelly' bins hold four times more than regular bins and provide real-time information to waste collectors on how full they are.

This helps reduce rubbish overflow, unnecessary bin collections and related carbon emissions.

The trial will be evaluated by the ACT Waste Feasibility Study.

 For more information on the smart bins visit: [act.gov.au/waste](http://act.gov.au/waste)

## MORE DOCTORS, NURSES AND HEALTH PROFESSIONALS FOR CANBERRA

The 2016-17 ACT Budget includes \$139 million for more nurses, more doctors and more allied health professionals as part of \$237 million in new funding for better health services for Canberra.

22 new doctors 

91 new nurses 

34 new allied health workers 

## DO YOU KNOW SOMEONE WORTHY OF BEING AUSTRALIAN OF THE YEAR?

Nominations for Australian of the Year are now open until 8 August.

 [www.australianoftheyear.org.au/nominate](http://www.australianoftheyear.org.au/nominate)

## GRANTS AVAILABLE FOR LOCAL FOOTBALL CLUBS

Local football clubs can now apply for grants from the Community Football Infrastructure Program which has been established using overflow funding from the successful 2015 Asian Cup.

The grants will support and strengthen the sport's participation, improve local football infrastructure and increase accessibility and support club sustainability in Canberra.

Applications close on 12 August.

 To apply visit [sport.act.gov.au](http://sport.act.gov.au)
