INTERNATIONAL FLIGHTS COME TO CANBERRA

Canberrans will soon have more travel choices and be better connected to the rest of the world with Singapore Airlines announcing direct flights from Canberra to Singapore and Wellington, NZ.

The new route dubbed the 'capital express', will offer four services a week to both cities on a Boeing 777-200.

The start of direct international flights will create significant positive economic and social impacts for Canberra and the region in terms of trade, investment, higher education and tourism.

First flights take off in mid September.

A world class light rail is coming, with stage one delivering 12km of light rail track, 13 stops, 14 light rail vehicles, a depot and 20 years of operation and maintenance.

The construction consortium has been chosen, with the first stage of the project to be completed by late 2018. Operations will begin in early 2019 - earlier than previously estimated. Light rail will operate from as early as 6 am, up to 1 am with services every 6 minutes during peak times and will integrate with buses and other forms of transport.

The project is expected to bring public and private investment to Canberra, deliver opportunities for new businesses and support more jobs. A possible extension to Russell is being discussed with the Federal Government.

MESSAGE FROM THE CHIEF MINISTER, ANDREW BARR

It's been a busy start to the year, with some of the world's biggest companies giving our city a major vote of confidence. International flights are finally a reality with Singapore Airlines announcing it will fly direct from Canberra to Singapore and Canberra to Wellington.

Also in transport, we've announced the international consortium that will build the first stage of Canberra's light rail network. The companies involved are some of the world's best and they'll get the job done faster and at a lower cost than originally anticipated.

Infrastructure investment is not limited to transport and it was great to recently turn the sod to start construction on the new University of Canberra Public Hospital.

“HAVE YOUR SAY

THE IMPACT OF CLIMATE CHANGE FOR CANBERRA

Climate change is likely to mean more heatwaves and extreme weather in our region.

That means we need to improve how we manage our water resources and reduce the effects of heat, prepare our emergency responses, help Canberrans reduce their electricity costs, protect native species and urban forests, and support and encourage private enterprise to take action.

The ACT Government has released its new 'Climate Change Adaptation Strategy' and you are invited to have your say.

CANBERRA STUDENTS ARE CONNECTED

Canberra's public schools are now some of the best connected in the world.

25,200 of our local students at most Canberra public schools have registered with the Google Apps for Education platform, making a real difference to the way they learn.

Teachers, parents and students can use Google Apps to communicate, collaborate and explore on real-world platforms.

i Contact your school to learn more about Google Apps for Education.

CONSTRUCTION STARTS ON NEW PUBLIC HOSPITAL

Construction has started on Canberra's newest public hospital – the University of Canberra Public Hospital set to open in 2018.

Over the coming years, the project will provide construction jobs, improve economic activity in Canberra's north, and help the University of Canberra attract new students and researchers.

The first sod was turned last month, officially beginning the construction phase of the project.

NEW FITNESS STATION FOR GUNGAHLIN

Gungahlin's Yerrabi Pond District Park is getting new fitness equipment in 2016.

Construction starts later this month and will include a sit up bench, seated rower, leg press, chest press, leg raise and dip bars.

The new fitness station adds to the ACT Government's network of fitness equipment across 20 Canberra suburbs.

DOG-FRIENDLY CANBERRA GETS EVEN BETTER

You and your pooch can now enjoy even more of our Canberra, together.

You can now exercise your dog off-leash at all sportsgrounds when they're not being used for sport. In Gungahlin that includes Hall showground and Amaroo district playing fields. Dogs can also be off-leash at man-made wetland areas such as Flemington Road ponds. All major parks, including Yerrabi Pond and Black Mountain Peninsula, are now dog on-leash.

i For more information visit act.gov.au/ourcanberra

REMEMBER THIS

- > Keep your dog on-leash on a path or cycleway
- > Ensure your dog isn't harassing other dogs, people or wildlife
- > Keep your dog 10m away from playgrounds and barbecues
- > Always clean up after your dog
- > Enclosed ovals remain dog prohibited.

NEW TEACHERS JOIN THE TEAM

"I work with some really exceptional teachers. I'm like a sponge right now and they are more than willing to share what they know with me."

Farleigh Jay-Daniel, teacher at Harrison School

Farleigh is one of 350 new teachers and staff who have joined one of Canberra's 87 public schools this year.
