Instructions for completion of JEV Form

Japanese encephalitis virus (JEV) vaccine is being provided for eligible people only, who meet priority groups for JEV vaccination. Please ensure that you are completing the latest version of this form with up-to-date priority groups, which is available from this link: <https://health.act.gov.au/jev>

For information about choice of JEV vaccine, doses for children, route of administration, precautions, contraindications, and booster dose recommendations please refer to:

- [Australian Immunisation Handbook](#)

General Practitioners:

If a patient requests JEV vaccination, assess whether the patient is eligible to receive government funded JEV vaccine, as per the current priority groups. If eligible:

- Complete assessment for JEV vaccine eligibility and return it to immunisation@act.gov.au or fax on 5124 9307.
- The Health Protection Service Immunisation Unit will organise delivery of the vaccine to your practice within two working days. Delivery will only occur between 9am and 5pm Monday to Friday (excluding public holidays). Please allow for this when booking a follow-up appointment for vaccine administration. Should there be any issues with delivery, the Immunisation Unit will advise your practice of this.
- The vaccine will be in a clear see-through bag, with the order form attached.

For more information, please see:
