Scope of your request

What information are you requesting access to?*

I seek access under the Freedom of Information Act 2016 (ACT) to records relating to corporate credit cards issued to Senior Executive Service officers of the City Renewal Authority.
The relevant period for this request is 1 July 2020 to the date this request is processed.
I seek:
1. All monthly corporate credit card statements for corporate credit cards held by any person serving in a substantive or acting SES capacity with the City Renewal Authority during the relevant period.
2. For each SES officer who held a corporate credit card during the relevant period, information sufficient to identify:
o the officer;
o their SES position or title; and
o the period during which the corporate credit card was held.
3. If any person who served in a substantive SES capacity during the relevant period did not hold a corporate credit card, confirmation of this.
For clarity, this request:
• includes current and former SES officers who served with the City Renewal Authority during the relevant period;
• includes cards held while an officer was serving in either a substantive or acting SES capacity;
• seeks the corporate credit card statements themselves, including transaction date, merchant/vendor, transaction description where recorded, and transaction value; and
• does not presently seek individual receipts, invoices, acquittal records or other supporting documentation relating to individual transactions.
Personal credit card numbers, security information and other information necessary to protect the security of the cards may be redacted.
I would prefer the documents to be provided electronically and, where possible, in their existing electronic format.
If the Authority considers that the scope of this request would create an unreasonable processing burden, please contact me before making a formal decision so that the scope can be discussed and, if necessary, refined.

FREEDOM OF INFORMATION REQUEST – NOTICE OF DECISION

I refer to your application under section 30 of the *Freedom of Information Act 2016* (the Act), transferred to the City Renewal Authority on 7 September 2026.

Specifically, you have sought access to the following information:

"I seek access under the Freedom of Information Act 2016 (ACT) to records relating to corporate credit cards issued to Senior Executive Service officers of the City Renewal Authority. The relevant period for this request is 1 July 2020 to the date this request is processed. I seek:

1. All monthly corporate credit card statements for corporate credit cards held by any person serving in a substantive or acting SES capacity with the City Renewal Authority during the relevant period.

2. For each SES officer who held a corporate credit card during the relevant period, information sufficient to identify:

- *the officer;*
- *their SES position or title; and*
- *the period during which the corporate credit card was held.*

3. If any person who served in a substantive SES capacity during the relevant period did not hold a corporate credit card, confirmation of this. For clarity, this request:

- *includes current and former SES officers who served with the City Renewal Authority during the relevant period;*
- *includes cards held while an officer was serving in either a substantive or acting SES capacity;*
- *seeks the corporate credit card statements themselves, including transaction date, merchant/vendor, transaction description where recorded, and transaction value; and*

- *does not presently seek individual receipts, invoices, acquittal records or other supporting documentation relating to individual transactions.*

Personal credit card numbers, security information and other information necessary to protect the security of the cards may be redacted."

Authority

I am an Information Officer appointed by the City Renewal Authority (CRA) under section 18 of the Act to deal with access applications made under Part 5 of the Act.

Timeframes

In accordance with section 40 of the Act, CRA is required to provide a decision on your access application within 30 days.

Therefore, a decision is due by **20 October 2026.**

Decision on access

Searches of City Renewal Authority records have identified four documents within the scope of your request.

- I have decided to grant **full access** to all documents.

The records identified as relevant to your application are listed in the schedule enclosed at **Attachment A**. This provides a description of each document that falls within the scope of your request and the access decision for each of those documents.

Release of documents

The information being released to you is provided at **Attachment B**.

Outside of scope

Some information contained within the documents has been assessed as falling outside the scope of the request. This information has been redacted and marked in the binder and on the schedule as 'outside of scope / out of scope'.

Statement of Reasons

In accordance with section 54(2) of the Act a statement of reasons outlining my decisions is below. In reaching my access decisions, I have taken the following into account:

- the Act
- the information that falls within the scope of your request

As a decision maker, I am required to determine whether the information within scope is in the public interest to release. To make this decision, I am required to:

- assess whether the information would be contrary to public interest to disclose as per **Schedule 1** of the Act.
- perform the public interest test as set out in section 17 of the Act by balancing the factors favouring disclosure and factors favouring nondisclosure in **Schedule 2** of the Act.

Exemptions claimed

Schedule 1: Information taken to be contrary to the public interest

No schedule 1 provisions identified.

Public Interest Test

The Act has a presumption in favour of disclosure. As a decision maker I am required to decide where, on balance, public interest lies. As part of this process, I must consider factors favouring disclosure and nondisclosure.

In *Hogan v Hinch* (2011) 243 CLR 506, [31] French CJ stated that when 'used in a statute, the term [public interest] derives its content from "the subject matter and the scope and purpose" of the enactment in which it appears'. Section 17(1) of the Act sets out the test, to be applied to determine whether disclosure of information would be contrary to the public interest. These factors are found in subsection 17(2) and Schedule 2 of the Act.

Schedule 2: Factors to be considered when deciding the public interest

Taking into consideration the information contained in the documents found to be within the scope of your request, I have identified that the following public interest factors are relevant to determine if release of the information contained within these documents is within the 'public interest'.

Factors favouring disclosure (Section 2.1)

> *Section 2.1(a)(i) – promote open discussion of public affairs and enhance the government's accountability.*
>
> *Section 2.1(a)(iv) - ensure effective oversight of expenditure of public funds.*

I consider that release of the information relevant to this application would promote open discussion of public affairs and enhance government accountability regarding expenditure incurred through corporate credit cards issued to Senior Executive Service officers.

I further consider that the release of the identified information would promote transparency and accountability by providing oversight of expenditure incurred through corporate credit cards issued to Senior Executive Service officers.

I am satisfied that these factors favouring disclosure carry some weight. However, these factors are to be balanced against the factors favouring nondisclosure.

Factors favouring nondisclosure (Section 2.2)

No schedule 2 provisions identified.

Charges

Under section 107(2)(e) of the Act, a fee must be waived if the applicant is a member of the Legislative Assembly.

Online publishing – Disclosure Log

Under section 28 of the Act, the City Renewal Authority maintains an online record of access applications called a disclosure log.

Your original access application and my decision will be published on the CRA disclosure log. Your personal contact details will not be published.

Ombudsman Review

My decision on your access request is a reviewable decision as identified in Schedule 3 of the Act. You have the right to seek Ombudsman review of this outcome under section 73 of the Act within 20 working days from the day that my decision is provided to you, or a longer period allowed by the Ombudsman.

We recommend using this form *Applying for an Ombudsman Review* to ensure you provide all of the required information. Alternatively, you may write to the Ombudsman at:

The ACT Ombudsman
GPO Box 442
CANBERRA ACT 2601

Via email: actfoi@ombudsman.gov.au

ACT Civil and Administrative Tribunal (ACAT) Review

Under section 84 of the Act, if a decision is made under section 82(1) on an Ombudsman review, you may apply to the ACAT for review of the Ombudsman decision. Further information may be obtained from the ACAT at:
