ERINDALE GETS A FRESH NEW TRANSPORT HUB

The Erindale Centre’s revitalised bus station and new transport hub is almost ready for action. Residents have seen the site really come to life with wall art brightening up the blank facade.

The artwork, designed and developed by local artist Geoffrey Filmer, features iconic Australians after who Tuggeranong suburbs, including Gowrie and Monash, are named.

The new bus station will have a new 12 metre long bus shelter with comfortable seating and protection from the elements. It’s expected to be ready for passengers at the end of this month, weather permitting.

The transformation of the Erindale Centre into a new transport hub will provide better bus connections for Tuggeranong residents to other town centres and transport hubs.

MESSAGE FROM THE CHIEF MINISTER, ANDREW BARR

Since becoming Chief Minister of the ACT, I have been speaking to Canberrans about how we can improve services to their community.

The ACT Government is unique in Australia because it provides state level services such as health, education and public transport, and also municipal services such as mowing, cleaning and rubbish collection. We’ve been working hard to deliver the services Canberrans need. In recent months we’ve regulated ridesharing, finalised plans for a new hospital at the University of Canberra and have reached an agreement with the Federal Government to continue providing 15 hours of preschool for Canberra’s children.

I hope you will find this a useful update on the work going on in your community.
GOOD PROGRESS ON EMERGENCY DEPARTMENT UPGRADE

Work on the new emergency department at Canberra Hospital is progressing well, with the first stage almost complete.

The new Emergency Medical Unit and the Mental Health Short Stay Unit will open later this year, and a new paediatric area will follow in January 2016.

Other new areas will open progressively throughout 2016. When complete, the expanded emergency department will have extra beds, three more ambulance bays and an extra 1,000 square metres of floor area.

Now is the time to get your home and family bushfire ready.

Visit www.esa.act.gov.au/bushfireready for tips on how to prepare. A few simple actions could make all the difference to surviving a bushfire.

FASTER TRAVEL BETWEEN NORTH AND SOUTH

Tuggeranong residents will soon have another fast travel option to north Canberra with construction of the new northbound Molonglo River bridge almost complete.

The bridge is part of the Majura Parkway, which will link the Federal and Monaro Highways to ease congestion and save travel time.

The $288 million Majura Parkway is one of Canberra’s largest ever infrastructure projects and has been jointly funded by the ACT and Australian Governments.

The next major milestone will be the opening of the southbound Molonglo River bridge in coming months. The overall project is on track for completion by mid-2016.

More information at www.majuraparkway.act.gov.au
Peak periods on Ashley Drive will soon get easier for Tuggeranong commuters when the road is transformed from one lane to two, in both directions.

The duplication of Ashley Drive from Erindale Drive to Ellerston Avenue will ease peak-time traffic congestion in the area.

The works will include north and southbound on-road cycle lanes; additional footpaths to link with existing off-road paths; the duplication of existing underpasses near Statton Street and Bugden Avenue; as well as the addition of a pedestrian bridge over Monks Creek.

A public tender is now open, with the successful builder to be announced soon. Construction will then begin soon after.

### ASHLEY DRIVE DUPLICATION STARTS EARLY 2016

Public pre-schools will continue to offer 15 hours per week of free pre-school in 2016.

The ACT is one of few jurisdictions in Australia to offer free public pre-school for 15 hours per week to all four-year-old children in the year before they start formal schooling. Enrolments are now open for 2016.

For information about the wide range of pre-school and support services available in the ACT, as well as tips about how to get involved in your child’s pre-school education, visit [www.preschoolmatters.act.gov.au](http://www.preschoolmatters.act.gov.au)

MORE TRANSPORT OPTIONS FOR CANBERRA

Canberrans now have access to more transport options with ridesharing businesses such as Uber now operating legally.

Ridesharing is a service that uses smartphone apps to connect drivers who use their own cars, with passengers who want to get around. Every driver will have to have police and driving history checks and their car will have to have a safety check.

Ridesharing trips can only be booked through an app or over the phone. Canberra is the first city in Australia, and the first capital city in the world, to make ridesharing legal. As part of making ridesharing legal, the ACT Government has also reduced costs for taxi drivers.

TWO YEAR TRIAL TO IMPROVE ROAD SAFETY

A two-year trial of new road safety laws has started in the ACT to improve safety for cyclists and other road users.

Motorists must now provide a minimum distance of one metre when overtaking a cyclist in speed zones at or below 60km/h and 1.5 metres in speed zones above 60km/h. This metre matters because it provides a practical measure for drivers when overtaking cyclists, and will help reduce collisions between cars and bike riders, by changing driving behaviour.

Motorists who fail to comply with the rule may be issued a $215 fine and accrue two demerit points.

For more information on the new rules for motorists and cyclists, and how to follow these new rules effectively, visit www.tams.act.gov.au/road-safety
