

Friday, 4 February 2022

Dear Residents,

Huon Contractors is working on behalf of Major Projects Canberra (MPC) to deliver the second phase of the CIT Woden Campus project. We would like to notify you about upcoming works to be undertaken outside of regular working hours.

SERVICE INVESTIGATION WORKS

OUT OF HOURS WORK
10 nights between 6 to 18 February 2022

In the period from **Sunday 6th February 2022 to Friday 18th February 2022**, we will be undertaking out of hours works (**11:00pm to 6:00am**) on at the Woden Bus Interchange adjacent to Bradley Street. These works are related to investigating existing services that lie beneath the ground, installing new underground services in verges and roadways, as well as making minor modifications to traffic islands.

During this 10-day period, we will **not** be working on the following evenings:

- **Friday 11th February 2022**
- **Saturday 12th February 2022**
- **and Friday 18th February 2022.**

On each of the 10 working nights, the Callam / Bradley Street intersection will be closed between 12:30am – 5:00am the next morning.

These works are required to be undertaken out of hours as we cannot work while the Woden Bus Interchange is in operation.

Noise will be kept to a minimum during the 10-day out of hours working period, with machines turned off when not in use and general site noise closely monitored.

We thank you for your co-operation in relation to these works and apologise for these inconveniences which are necessary to deliver the new transport interchange.

If you have any queries related to these early morning works or the project in general, please feel free to contact us via one of the methods below:
