## MORE BULK BILLING GPs in TUGGERANONG

In this issue:

Improving Tuggeranong's town centre >

Natural playground at Gowrie >

Better access to affordable health care with more bulk billing

People living in Tuggeranong will soon have more access to bulk billing.

The ACT Government's new Bulk Billing General Practices Grant Fund is incentivising more clinics and more

doctors to offer bulk billing in the Tuggeranong region, in particular to those most in need.

Canberra has some of the lowest bulk billing rates in the country. By encouraging more GPs to bulk bill,

we can provide better healthcare in Canberra's south, where and when people need it.

## MESSAGE FROM THE CHIEF MINISTER, ANDREW BARR

The ACT Government is building a better healthcare system. We now have three nurse-led Walk-in Centres and two more are on their way; we're providing grants to expand bulk billing GP services across Canberra's Southside; we've expanded maternity services and the emergency department at Calvary Public Hospital; we're delivering our biggest ever mental health support network; and we're investing in the 'Hospital in the Home' program.

Delivering accessible, high quality healthcare where and when you need it is one of the Government's top priorities.

## FAST TICKET HOME

The best way to be reunited quickly with your beloved lost pet is to keep their contact details up to date.

This means keeping your pet's microchip information current, as well as their registration details and the contact details on their ID tags and collars.

Updates can be made online and by vets.

## SUMMER GARDEN

Love gardening but can't seem to keep your plants alive?

Actsmart's FREE 'Canberra Plant Selector' and 'WaterRight' web tools will help you make some smart gardening decisions this summer, like the best plants to choose, where to position them, and how much to water them.

## KNOW the FIRE DANGER RATING

This bushfire season, make sure you understand the Fire Danger Rating levels displayed on electronic roadside signs.

The rating is based on how fire is expected to behave on that particular day. The higher the rating, the more prepared you need to be.

A 'very high' rating means you should activate your Bushfire Survival Plan and regularly check for updates. 'Severe' means that fires will be unpredictable, fast moving, and your survival is the first priority.

## PALLIATIVE CARE SERVICES to EXPAND

Patients and families receiving palliative care will have access to better facilities and services with a major expansion of Clare Holland House.

With the need for palliative care growing, expanding services at Clare Holland House will ensure more Canberrans receive specialist palliative and end-of-life care. The expansion will include more specialist inpatient palliative care beds and more family friendly features that enable loved ones to stay with patients on site.

This expansion is a project by the Australian and ACT Governments in partnership with The Snow Foundation, and is expected to start in 2019.

# MORE WATER PROJECTS for TUGGERANONG

There are seven ACT Healthy Waterways projects underway in Tuggeranong.

Construction on the latest rain garden starts this month in Gowrie. It will complement other Healthy Waterways projects already underway in Fadden, Isabella Plains, Monash, Wanniasa and Kambah.

When finished, all projects will reduce sediment and other pollutants entering Lake Tuggeranong and flowing into the Murrumbidgee River system.

ACT Healthy Waterways is a joint initiative of the ACT and Australian governments.

# BETTER SUBURBS to 2030

The Better Suburbs Statement 2030 is now available. It outlines short term priorities and a vision for how we service our city to 2030.

The priority areas include lakes, ponds, stormwater and water quality, street and park trees and household waste and recycling.

# NATURAL PLAYGROUND for GOWRIE PRIMARY

Gowrie Primary students have a new space for natural play at their school.

A previously under-utilised playground has been landscaped and transformed into a 'nature play' space with a new all-weather play area and shade structure. Students can play, explore and ride along the extended bike path.

'Nature play' moves away from traditional swing sets and fixed equipment, instead offering spaces for kids to play in the natural environment.

# A CITY LOAD of ACTIVITIES

Canberra's city centre comes alive during November with a calendar full of pop-up events and activities including, arts, festivals and a community day.

All these activities are funded through the City Grants program.

## JOIN IN

- > Get active with free lunchtime Zumba classes in Garema Place.
- > Enjoy a two-day festival of wine in Tocumwal Lane (23–24 November).
- > Check out some local art on board the ANCA Art Bus mobile gallery.
- > Bring your family and friends to Glebe Park for a community day on 25 November to conclude the SpringOUT festival.

## SECURITY for the EASTERN BETTONG

Since 2011 these small kangaroo-like marsupials have been reintroduced to Mulligans Flat Woodland Sanctuary and Tidbinbilla from Tasmania. They love their new surroundings.

The Eastern Bettong's future is more secure by being added to the ACT's Threatened Native Species List.
