

30<sup>th</sup> August 2023

Dear Neighbour/Tenant

## Works Notification

<b>Project:</b> CIT WODEN PROJECT	<b>Notification No:</b> 30
<b>Work Duration:</b> Wednesday 13/9/2023 – Thursday 14/9/2023	<b>Date Issued:</b> 30 <sup>th</sup> August 2023
<b>Work Area/ Location:</b> Bowes Street Crossing Between Package 2 and Package 3	
<b>Description of Works:</b> Installation of Stormwater Pipe	

Lendlease has been engaged by the ACT Government to deliver a new CIT campus, youth foyer and public transport interchange in Woden. This notification includes information about the upcoming works associated with construction of the new transport interchange, including associated infrastructure and general construction information on working times and what to expect.

### Bowes Street Stormwater Installation

The stormwater system between Package 2 and Package 3 crosses Bowes Street which is currently used as a thoroughfare for buses entering and exiting the temporary transport interchange from and to South Callam Street. To avoid interruption to the bus network, Lendlease is planning nightworks across two nights to complete the required stormwater installation. The second night would be a contingency only and may not be required. The works would be scheduled as follows:

Nightworks 1	Nightworks 2 (Contingency Only)
Wednesday 13/9/2023: 9pm lane closure with single lane traffic control	Thursday 14/9/2023: 9pm lane closure with single lane traffic control
Wednesday 13/9/2023: 11pm full lane closure after the final bus and commencement of works	Thursday 14/9/2023: 11pm full lane closure after the final bus and commencement of works
Thursday 14/9/2023: 4:30am full or partial completion of works and both lanes reopened ready for first buses at 5am	Friday 15/2023: 4:30am full or partial completion of works and both lanes reopened ready for first buses at 5am

Refer to the next two pages for detailed drawings of stormwater crossing.

### **Working hours and what to expect**

Lane reduction with traffic control will commence from 9pm and all works thereafter will be undertaken from 11pm till 4:30am during bus non-operational hours.

### **Out of Hours work**

Refer above.

### **Construction impacts**

Every effort will be made to minimise disruption to the bus network during these works including traffic control and scheduling during bus network downtime. Noise will be kept to a minimum with any high noise works being completed prior to 10pm to mitigate noise propagation.

If you have any questions or would like to know more about the works, please contact Thomas Moulds on 0415 256 942 or email [thomas.moulds@lendlease.com](mailto:thomas.moulds@lendlease.com)
