

LIGHT RAIL OPERATING EARLY 2019

A world class light rail is coming, with stage one delivering 12km of light rail track, 13 stops, 14 light rail vehicles, a depot and 20 years of operation and maintenance.

The construction consortium has been chosen, with the first stage of the project to be completed by late 2018. Operations will begin in early 2019 - sooner than previous estimates. Light rail will operate from as early as 6 am, up to 1 am with services every 6 minutes during peak times and will integrate with buses and other forms of transport.

The project is expected to bring public and private investment to Canberra, deliver opportunities for new businesses and support more jobs. A possible extension to Russell is being discussed with the Federal Government.

INTERNATIONAL FLIGHTS COME TO CANBERRA

Canberrans will soon have more travel choices and be better connected to the rest of the world with Singapore Airlines announcing direct flights from Canberra to Singapore and Wellington, NZ.

The new route dubbed the 'capital express', will offer four services a week to both cities on a Boeing 777-200.

The start of direct international flights will create significant positive economic and social impacts for Canberra and the region in terms of trade, investment, higher education and tourism.

First flights take off in mid September.

MESSAGE FROM THE CHIEF MINISTER, ANDREW BARR

It's been a busy start to the year, with some of the world's biggest companies giving our city a major vote of confidence. International flights are finally a reality with Singapore Airlines announcing it will fly direct from Canberra to Singapore and Canberra to Wellington.

Also in transport, we've announced the international consortium that will build the first stage of Canberra's light rail network. The companies involved are some of the world's best and they'll get the job done faster and at a lower cost than originally anticipated.

Infrastructure investment is not limited to transport and it was great to recently turn the sod to start construction on the new University of Canberra Public Hospital.

"HAVE YOUR SAY"

THE IMPACT OF CLIMATE CHANGE FOR CANBERRA

Climate change is likely to mean more heatwaves and extreme weather in our region.

That means we need to improve how we manage our water resources and reduce the effects of heat, prepare our emergency responses, help Canberrans reduce their electricity costs, protect native species and urban forests, and support and encourage private enterprise to take action.

The ACT Government has released its new 'Climate Change Adaptation Strategy' and you are invited to have your say.

+ CONSTRUCTION STARTS ON NEW PUBLIC HOSPITAL

Construction has started on Canberra's newest public hospital – the University of Canberra Public Hospital set to open in 2018.

Over the coming years, the project will provide construction jobs, improve economic activity in Belconnen and help the University of Canberra attract new students and researchers.

The first sod was turned last month, officially beginning the construction phase of the project.

🔒 CYBER SAFETY AT YOUR LOCAL LIBRARY

If you need advice on cyberbullying and eSafety, head to your local library for help

Young people in the ACT are among the first in the country to trial a new program called eSafe spaces—offered by the Office of the Children's eSafety Commissioner. If successful, the pilot will be rolled out to public libraries across Australia.

Visit your local library for advice on how to be safe online, to learn about managing your privacy and security online, removing cyber-bullying material, and to better understand games, apps and social networking.

EMERGENCY DEPARTMENT EXPANDS WITH 21 NEW BEDS

As Canberra continues to grow, so is our main hospital. Stage I of the Canberra Hospital Emergency Department expansion is now open and includes a new Emergency Medicine Unit and Mental Health Short Stay Unit.

More new areas of the expansion are set to open throughout 2016, including a new paediatric streaming space that will provide separate waiting and treatment areas for children and their families.

When the works are complete, the capacity of the emergency department will have increased by 30%. It will have an additional 21 treatment spaces, three more ambulance bays and an extra 1,000 square metres of floor area.

📶 CBRfree WI-FI GOES LIVE IN KINGSTON

Kingston is now CBRfree. You can access 250 megabytes per day, totalling 7.5 gigabytes of data per month in and around the Kingston Shopping precinct, as part of Canberra's free public outdoor Wi-Fi called CBRfree.

When rollout is complete, CBRfree will be one of Australia's largest free outdoor public Wi-Fi networks.

CBRfree is already available in Civic, Dickson and Belconnen shopping centres. Installation at other town centres and commercial precincts across Canberra will be done throughout 2016.

🐕 DOG-FRIENDLY CANBERRA GETS EVEN BETTER

You and your pooch can now enjoy even more of our Canberra, together.

You can now exercise your dog off-leash at all sportsgrounds when they're not being used for sport. In Canberra's central areas these include the Narrabundah and Dickson District Playing Fields. Dogs can also be off-leash at man-made wetland areas such as the Lyneham and Dickson wetlands. All major parks, including Lennox Gardens and Weston Park, are now dog on-leash.

REMEMBER THIS

- > Keep your dog on-leash on a path or cycleway
- > Ensure your dog isn't harassing other dogs, people or wildlife
- > Keep your dog 10m away from playgrounds and barbecues
- > Always clean up after your dog
- > Enclosed ovals remain dog prohibited.

NEW TEACHERS JOIN THE TEAM

"What I love about Black Mountain School is that I'm working with students with disability. I have the opportunity to teach them skills they can use for life."

Rachel Dunlop, teacher at Black Mountain School, O'Connor

Rachel is one of 350 new teachers and staff who have joined one of Canberra's 87 public schools this year.
