The new service will provide assessment and referral for children 0-6 years, as well as children up to 8 years with complex needs and who have not had a previous diagnosis. An autism assessment is also available for children aged to 12 years.

TRANSPORT CANBERRA ONE TICKET, ONE FARE, ONE NETWORK

To manage congestion and make it easy to get around as our population grows, our city is getting itself ready for the future. From mid next year, light rail and the bus network will be run by a new single ACT Government agency called Transport Canberra.

The role of this agency will be to integrate buses with light rail, ensure a single ticketing system

and coordinated timetabling, and a central contact for information. Transport Canberra will also keep the buses in public hands.

Changes have already started on our buses. Look out for free Wi-Fi soon, and there'll be more bike racks on more buses in 2016.

 The establishment of the new agency is part of the ACT Government's Public Transport Improvement Plan. To find out more visit www.transport.act.gov.au

DID YOU KNOW? More than a million bus kilometres will be freed up and redistributed when the first stage of light rail begins running.

SYRIAN AND IRAQI REFUGEES WELCOMED IN CANBERRA

The ACT Government is supporting the humanitarian settlement of Syrian and Iraqi refugees in our community, with an intake of 250 people as an initial commitment before the end of the year.

The Migrant and Refugee Settlement Service (MARSS) is the official channel for offers of support such as accommodation, goods or services. MARSS is also calling for volunteers in

Canberra. Volunteers play an important role in helping refugees to adjust and learn more about their new home.

 For more information on how to volunteer, take action or get involved visit www.marss.org.au

Or to make a donation contact MARSS directly via email at: MARSS@marss.org.au or phone (02) 6248 8577.

SUMMER HOLIDAY FUN

With the warm weather upon us, why not consider exploring a range of family-friendly camping locations and swimming hot spots around Canberra.

Just a short drive away, campers can enjoy nature in the popular Cotter campground set on the banks of the Cotter River.

For a more remote experience, visit Orroral or Honeysuckle campgrounds in Namadgi National Park.

Or save yourself a drive to the coast and visit one of our local natural swimming hot spots for a dip this summer.

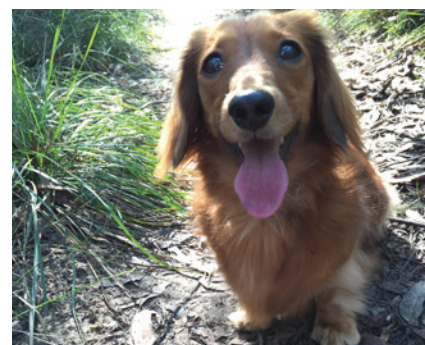

Some of our region's best swim spots include Pine Island, Angle Crossing, Casuarina Sands, Kambah Pool, Cotter Bend and Tharwa Sandwash.

Uriarra Crossing is also a great place to take your dog for a swim.

 For more information or to book a campground visit www.tams.act.gov.au or call Access Canberra on 13 22 81.

MAKE SURE YOUR BEST MATE CAN MAKE IT HOME

A microchip and registration tag is the best way to ensure your dog can always be identified if they get lost – in fact it's a requirement by law.

If you find a lost dog these summer holidays, here are a few tips to help get them home:

- If the dog is wearing a collar and registration tag, call Access Canberra on **13 22 81** for help to contact the owner
- Check the lost pets list at www.tams.act.gov.au for a match
- Take the dog to a vet clinic where the microchip can be read
- Take the dog to the Domestic Animal Services (DAS) Shelter on Mugga Lane.

 For more information on how to microchip and register your dog visit www.tams.act.gov.au

GET ON YOUR BIKE AT CHARNWOOD-DUNLOP SCHOOL

A new 'dirt bike skills track' is now open at Charnwood-Dunlop School. It provides a safe outdoor environment for young people to develop their bike riding skills.

The track is located on the external school oval accessed via the Cartwright Street car park. To encourage participation, the school is also delivering a bike education and safety program in conjunction

with the ride or walk to school initiative.

The track is an initiative of the Charnwood-Dunlop School and is jointly funded by the Charnwood-Dunlop community and the ACT Government.
