August 2017

MULLIGANS FLAT TO TRIPLE IN SIZE

Work is now underway to extend Mulligans Flat Sanctuary in Canberra's north.

The 485 hectare Sanctuary is being expanded to the south with new predator proof fencing. This will add 768 hectares, making up a total of 1,253 hectares of protected area.

Mulligans Flat is at the forefront of Australian wildlife conservation. After being absent from mainland Australia for 100 years, animals like the Eastern Bettong and Eastern Quoll have been successfully reintroduced to the sanctuary.

 For more information about what you can see and do at Mulligans Flat visit mulligansflat.org.au

IN THIS ISSUE:

- > Transport waiting areas go smoke-free
- > Be the best dog owner you can be

A FASTER JOURNEY ALONG HORSE PARK DRIVE

The first stage of duplication along Horse Park Drive is now complete and open to traffic. It is improving safety, easing congestion and significantly upgrading walking and cycling infrastructure on this important arterial road.

Work continues on two other sections of Horse Park Drive duplication. The full duplication between Mulligans Flat Road and the Federal Highway is expected to be completed late next year.

 For more information on Gungahlin roads visit transport.act.gov.au

MESSAGE FROM THE CHIEF MINISTER, ANDREW BARR

Recently-released data from last year's Census shows the ACT population grew faster than any State or Territory over the past five years, adding more than 40,000 new residents – an increase of 11 per cent.

We are now a Territory of 400,000 people and another eight suburbs' worth of people – the equivalent of Weston Creek – are expected to make Canberra their home over the next four years.

We understand the importance of renewing and boosting our essential transport, health, housing and education services now so we're ready as more people call Canberra home. It will also help us avoid the gridlock and stretched services experienced in cities like Sydney or Melbourne.

For more stories and information from across Canberra, visit act.gov.au/ourcanberra or follow us on social media.

For information on community consultations in Canberra, visit yoursay.act.gov.au

If you see a fault or outage report it & avoid it!

Like electrical devices in your home, Territory-owned electrical assets can become faulty and potentially become a safety risk. Faulty fixtures such as streetlights, barbecues and power outlets should be avoided and faults reported so we can fix it as a priority.

If you see a fault please call Access Canberra on 13 22 81.

FIRST YEAR OF TREATMENT ROOMS FOR KIDS

Close to 20,000 of Canberra's youngest patients have had a more comfortable wait for treatment in the ACT's first Paediatric Streaming area, which is part of Canberra Hospital's Emergency Department.

Splashes of bright colours, native fish and birds are part of the design in the triage and treatment areas. The facility has now been operating for a year and includes six beds, two consultation rooms and a private waiting area.

CLEAN & GREEN INITIATIVES AT NEW HOSPITAL

Environmental and sustainability initiatives have been a driving force in the design and construction of the new University of Canberra Public Hospital (UCPH).

Green and clean initiatives include solar panels, rain water harvesting for reuse in the facility, LED lighting and a facade specifically designed for the Canberra climate.

The design of UCPH was inspired by Canberra's bush landscape, with the rolling hills and colours of the Brindabellas being incorporated into the design.

UCPH is on track to open in mid-2018.

SAVE TIME & PAY YOUR REGO ONLINE

When it's time to renew your car rego, avoid the queues and do it online.

In a few simple steps you can easily pay your renewal, rather than waiting in the queue at an Access Canberra Service Centre.

To pay your rego visit act.gov.au/accessCBR

While there, take a look at the 250 other ACT Government services you can also do online.

YOUTH INTERACT GRANTS NOW OPEN

Young Canberrans aged 12-to-25 years with ideas to strengthen social inclusion in Canberra can apply for grants for up to \$1500.

Applications close Sunday 3 September 2017.

To apply, visit <https://dhcs.smartygrants.com.au/2017-18YouthInterACTGrants>

For further information, please contact the Youth InterACT team youthinteract@act.gov.au or 6207 8698.

WAITING AREAS GO SMOKE FREE

Public transport waiting areas will be smoke-free from October this year. These areas include all bus and taxi stops, bus interchanges and transport platforms.

Creating more smoke-free areas in public spaces will protect the community from the harms associated with smoking and exposure to second-hand smoke.

Consultation earlier this year showed overwhelming community support for this initiative.

For more info visit health.act.gov.au

LIGHT RAIL STAGE ONE UPDATE

Intersection closures and diversions are in place as work continues on stage one of light rail between Gungahlin and the city.

We thank Gungahlin residents for your patience as the work continues.

Subscribe to our light rail construction update at transport.act.gov.au to stay informed.

PREPARING STUDENTS FOR A GLOBAL FUTURE

Children across all Canberra public schools can learn a language as part of their school's language program.

Learning a language helps students develop critical thinking, analysis and problem solving skills. It also gives them cultural understanding, which equips them for their journey into the world that awaits them.

For more information on which schools teach which languages visit education.act.gov.au

Students at Amaroo School in their Japanese language class.

RAIDERS CADETS SUPPORTING STUDENTS

17 of the Canberra Raiders' under 20s squad are working as casual Learning Support Assistants in 11 ACT public schools to mentor and support students.

The Canberra Raiders' career and development program has produced a number of qualified youth workers and learning support assistants.

These athletes along with all learning assistants across Canberra, do a wonderful job in shaping the future of our students.

BE THE BEST DOG OWNER YOU CAN BE

Canberra is a dog-friendly city, with many spots where dogs and their responsible owners can exercise and play.

Community feedback is telling us that not all dog owners are acting responsibly, so here are some tips:

- > register your dog – to be reunited quickly if they go missing
- > pick up after your dog – nobody wants to step in dog poo
- > exercise your dog regularly – to keep them physically and mentally healthy and minimise nuisance behaviour
- > keep your dog on leash – when walking on paths and in shared public spaces.

For more information visit 'city living' at tccs.act.gov.au

TOP 3 BUSHWALKS IN NAMADGI NATIONAL PARK

Canberra's outskirts have plenty of scenic bush walks for all levels. Try these three popular walks in Namadgi National Park.

- 1 Square Rock Walking Track** - this 9km bushwalk is relatively easy for the whole family.
- 2 Booroomba Rocks** - as you make your way up to the summit, this track has a smorgasbord of native flora along the 4km round trip.
- 3 Yankee Hat walking track** - the best known Aboriginal art site in the ACT. As you trek through the stunning grasslands, kangaroos are a common sight on the 6km return walk.

Remember to always let someone know about your plans. Also wear comfortable shoes and carry food and water.

 For maps and more information visit act.gov.au/bestbushwalks

NOMINATE A A GREAT CANBERRAN

Is there a Canberran who inspires you? Someone who makes an exceptional contribution to their field or the Canberra community? Then nominate them for the Order of Australia.

The Order of Australia formally recognises Australians from all walks of life who, every day, make outstanding contributions to our communities and our nation. Nominations are open all year round.

 For more information and to nominate visit gg.gov.au/australian-honours-and-awards

REGISTER YOUR DECISION FOR ORGAN DONATION

81% of Australians believe that registering your decision to be an organ donor is important, but only one-in-three have actually done it.

Make your decision count by joining the Australian Organ Donor Register.

 For more information and to register your decision visit donatelife.gov.au
