The Federal Government must let Canberrans make our own laws about voluntary assisted dying.

The Bill to restore our right to legislate on this issue was recently defeated in the Senate. Voluntary assisted dying is an incredibly difficult issue, and I respect the differing views held in the community.

But Canberrans should not be stopped from discussing something that their friends and family in Melbourne or Queanbeyan can.

We are absolutely capable of having a mature and respectful conversation on this important issue and the ACT Government will continue to work with the Federal Parliament on this matter.

CREATING CANBERRA’S NEW BUS NETWORK

Thank you for your feedback on Canberra’s new bus network. Over 9,500 people completed the online survey.

The new network has been designed to respond to the community’s calls for more buses, more often, seven days a week with expanded Rapid services and light rail. The objective is to provide better, more frequent services to more Canberrans. Consultation on our proposed bus network has now closed and Transport Canberra is incorporating community input into the new network.

LIGHT RAIL CONSTRUCTION ON TRACK

Construction of stage one of Canberra’s city-wide light rail network is on track.

Track slab along the vast majority of the 12-kilometre route has been laid, platforms and canopies at each stop are being built and trees are being planted along the route. Daytime and nighttime testing of light rail infrastructure and systems is happening along the northern end of the route.

Work is also continuing on plans for the next stage of the network, which will link the City to Woden via the Parliamentary Triangle.

HELPING OLDER CANBERRANS STAY at HOME

The ACT Government recognises that many older Canberrans may want to age in their homes.

The Aged Deferral Scheme gives older Canberrans the option to defer paying their annual household general rates against the future sale of their property.

The 2018 ACT Budget expanded the eligibility of the scheme so that anyone aged 65 or over, who has at least 75 per cent equity in their home, can take advantage.
