MESSAGE FROM THE CHIEF MINISTER, ANDREW BARR

The Federal Government must let Canberrans make our own laws about voluntary assisted dying.

The Bill to restore our right to legislate on this issue was recently defeated in the Senate. Voluntary assisted dying is an incredibly difficult issue, and I respect the differing views held in the community.

But Canberrans should not be stopped from discussing something that their friends and family in Melbourne or Queanbeyan can.

We are absolutely capable of having a mature and respectful conversation on this important issue and the ACT Government will continue to work with the Federal Parliament on this matter.

CREATING CANBERRA'S NEW BUS NETWORK

Thank you for your feedback on Canberra's new bus network, over 9,500 people completed the online survey.

The new network has been designed to respond to the community's calls for more buses, more often, seven days a week with expanded Rapid services and light rail.

The objective is to provide better, more frequent services to more Canberrans. Consultation on our proposed bus network has now closed and Transport Canberra is incorporating community input into the new network.

FADDEN RAIN GARDEN NEARING COMPLETION

The rain gardens at Fadden Pines Reserve are taking shape.

They will soon play an important role in improving the quality of stormwater that flows into Isabella Pond, Lake Tuggeranong and the Murrumbidgee River.

The best way you can help is by looking after your verge and keeping it free of rubbish and leaves.
