## IMPORTANT FUTURE ROAD LINK IN MOLONGLO

**A design study will investigate the alignment of how a future arterial road at Molonglo will run east from John Gorton Drive to the Tuggeranong Parkway.**

The planned east-west connection will eventually be an important part of the overall Molonglo road network as the

area continues to grow towards 50,000 residents over the coming decades.

The design study will build on previous work and update traffic modelling for the ongoing planning for Molonglo.

A new public school in Molonglo is also being planned as part of the 2017-18 ACT Budget.

## LIGHT RAIL TO WODEN

Earlier this year we asked you about your views on route options for Light Rail between the city and Woden, with a focus on alignment and stop locations. The feedback received will help inform the design. There'll be more opportunities for the community to continue to provide feedback as the project progress.

**i** You can find a summary of the outcomes from the consultation at [yoursay.act.gov.au](http://yoursay.act.gov.au)

## MESSAGE FROM THE CHIEF MINISTER, ANDREW BARR

Recently-released data from last year's Census shows the ACT population grew faster than any State or Territory over the past five years, adding more than 40,000 new residents – an increase of 11 per cent.

We are now a Territory of 400,000 people and another eight suburbs' worth of people – the equivalent of Weston Creek – are expected to make Canberra their home over the next four years.

We understand the importance of renewing and boosting our essential transport, health, housing and education services now so we're ready as more people call Canberra home. It will also help us avoid the gridlock and stretched services experienced in cities like Sydney or Melbourne.

## If you see a fault or outage report it & avoid it!

Like electrical devices in your home, Territory-owned electrical assets can become faulty and potentially become a safety risk. Faulty fixtures such as streetlights, barbecues and power outlets should be avoided and faults reported so we can fix it as a priority.

If you see a fault please call Access Canberra on 13 22 81.

## YOUTH INTERACT GRANTS NOW OPEN

## FIRST YEAR OF TREATMENT ROOMS FOR KIDS

Close to 20,000 of Canberra's youngest patients have had a more comfortable wait for treatment in the ACT's first Paediatric Streaming area, which is part of Canberra Hospital's Emergency Department.

Splashes of bright colours, native fish and birds are part of the design in the triage and treatment areas. The facility has now been operating for a year and includes six beds, two consultation rooms and a private waiting area.

## WAITING AREAS GO SMOKE FREE

Public transport waiting areas will be smoke-free from October this year. These areas include all bus and taxi stops, bus interchanges and transport platforms.

Creating more smoke-free areas in public spaces will protect the community from the harms associated with smoking and exposure to second-hand smoke.

Consultation earlier this year showed overwhelming community support for this initiative.

## HUGHES SHOPS ARTWORK COMMUNITY CONSULTATION

Have your say about a new public artwork at the Hughes Shops. The new artwork will replace the artwork *Stepping Out (Lady in Pearls)* by Giovanna Ianniello and Gerard Murphy which was stolen in May last year.

An exact replica of *Stepping Out (Lady in Pearls)* cannot be recreated. However, we'll be asking for community feedback on how this space can best represent Hughes and its residents, with a new artwork.

 We'll be seeking community feedback online and in person at the shops. Further details will soon be available on [YourSay.act.gov.au](http://YourSay.act.gov.au)

## PREPARING STUDENTS FOR A GLOBAL FUTURE

Children across all Canberra public schools can learn a language as part of their school's language program.

Learning a language helps students develop critical thinking, analysis and problem solving skills. It also gives them cultural understanding, which equips them for their journey into the world that awaits them.

 For more information on which schools teach which languages visit [education.act.gov.au](http://education.act.gov.au)

## RAIDERS CADETS SUPPORTING STUDENTS

17 of the Canberra Raiders' under 20s squad are working as casual Learning Support Assistants in 11 ACT public schools to mentor and support students.

The Canberra Raiders' career and development program has produced a number of qualified youth workers and learning support assistants.

These athletes along with all learning assistants across Canberra, do a wonderful job in shaping the future of our students.

## BE THE BEST DOG OWNER YOU CAN BE

Canberra is a dog-friendly city, with many spots where dogs and their responsible owners can exercise and play.

Community feedback is telling us that not all dog owners are acting responsibly, so here are some tips:

- > register your dog – to be reunited quickly if they go missing
- > pick up after your dog – nobody wants to step in dog poo
- > exercise your dog regularly – to keep them physically and mentally healthy and minimise nuisance behaviour
- > keep your dog on leash – when walking on paths and in shared public spaces.

# TOP 3 BUSHWALKS IN NAMADGI NATIONAL PARK

Canberra's outskirts have plenty of scenic bush walks for all levels. Try these three popular walks in Namadgi National Park.

- 1 Square Rock Walking Track** - this 9km bushwalk is relatively easy for the whole family.
- 2 Booroomba Rocks** - as you make your way up to the summit, this track has a smorgasbord of native flora along the 4km round trip.
- 3 Yankee Hat walking track** - the best known Aboriginal art site in the ACT. As you trek through the stunning grasslands, kangaroos are a common sight on the 6km return walk.

Remember to always let someone know about your plans. Also wear comfortable shoes and carry food and water.
