## HORSE PARK DRIVE DUPLICATION

Horse Park Drive duplication will be completed in 2019

Gungahlin residents will see significant changes on Horse Park Drive soon.

The duplication is continuing with intersection works, road resurfacing and a traffic switch at different points along the project. You'll see noticeable changes along the length of the duplication in the coming months.

The entire Horse Park Drive duplication between the Federal Highway and Katherine Avenue West is due to be finished in the first quarter of 2019 (weather permitting). Thank you for your patience while the work continues.

## NEW TRAFFIC LIGHTS for LIGHT RAIL

New T lights will be in use along the light rail corridor when light rail is running.

The new lights will signal for light rail vehicles to 'stop' on a red T and 'go' on a white T.

For all other traffic, the road rules have not changed. Motorists, cyclists and pedestrians should continue to obey existing lights and signs.

## MESSAGE FROM THE CHIEF MINISTER, ANDREW BARR

Everyone has to buy Compulsory Third Party (CTP) insurance, but at the moment, our scheme doesn't always cover Canberrans when it matters. If you are the driver and get injured in a single car accident, you can't claim under our current CTP scheme. So we're making some changes.

The new Motor Accident Injuries Scheme means everyone injured in a motor vehicle accident can get up to 5 years of medical treatment and wages replacement, as long as they're not breaking the law when the accident happens.

The new Scheme means getting help more quickly, without having to go to court, and ensures everyone is better protected.

## LAWNMOWING SCHEDULE

### RAMPS UP

More investment in City Services means you'll see our teams out and about keeping Canberra neat and tidy during peak growing times of spring and summer.

View the interactive map to see when mowing will take place in your suburb.

## EMERGENCY SIGNS KEEPING YOU SAFE

There are now 12 Electronic Fire Danger Signs installed along major arterial roads across the ACT.

The signs will keep Canberrans informed on fire danger during the warmer months.

The signs automatically display the Fire Danger Rating each day during the Bushfire Season and if required, other safety and information messages.

## CANBERRA'S NEW BUS NETWORK

Thanks Canberra for your feedback on plans for a new bus network. By 2030 we'll be a city of 500,000, so we're getting ready with an integrated transport network.

For eight weeks we heard your views in focus groups, at interchanges, schools, community meetings and online. You told us you were happy to get more buses more often, but current bus users also told us how the changes could affect them. 'Xpresso' users were concerned their travel times will be longer. We also heard you want more information on school services to prepare for the new network. We'll have more to tell you in the coming months.

## CBR BE READY

This year's bushfire season has started a month earlier than usual in Canberra.

The ACT Emergency Services Agency (ESA) supports the community through times of fire, storm and extreme heat, especially during the September to March storm and bushfire season.

Canberrans should ensure they understand Fire Danger Rating (FDR) levels to help them make decisions when travelling in and around the ACT. The ESA will update the FDR daily. It is displayed on electronic signs on all major arterial roads across the ACT, and online.

# CANBERRA HOSPITAL'S MOST ENTERTAINING EMPLOYEE

The newest staff member at the Centenary Hospital for Women and Children is a robot named MediZen.

MediZen is programmed to sing, dance and talk to children, to help them cope with stress and distract them during medical procedures.

Thanks to funding raised through the EVENT Hospitality & Entertainment Charity and the Canberra Hospital Foundation, children receiving treatment and their families can have a less stressful experience during their stay and be fascinated with this high-tech entertainment.

# GUNGAHLIN ROADS RESURFACED

Almost one million square metres of road will be resurfaced across the ACT between now and early next year.

Work will take place on Gungahlin arterial roads including: northbound on Gungahlin Drive from Sandford Street to Well Station Drive; southbound on Gungahlin Drive from Oodgeroo Avenue to Well Station Drive; and the roundabout on Horse Park Drive at Whitrod Avenue/ Burrudammarra Avenue.

The resurfacing program protects and extends the life of Canberra's roads while improving safety.
