## Dickson Walk-in Centre development under way

Work has started on central Canberra's new Walk-in Centre in Dickson.

Walk-in Centres are free and are perfect for treatments of cold and flu, minor cuts and bruises, strains and sprains.

Canberrans will have access to a new Walk-in Centre in Dickson late 2020.

Until then, your closest Walk-in Centres are in Gungahlin and Belconnen. They're open from 7.30am to 10pm every day with no appointments necessary.

### In this issue

- Get health waiting times on your phone
- New outdoor dining spaces in Dickson
- Eating healthy at local schools

## New emergency services stations for Canberra

Planning for new Fire and Ambulance stations in the City and Molonglo is under way.

The new stations will help maintain and improve emergency response times across Canberra.

## Better health care for all Canberrans

The ACT Government is delivering better health care, where and when Canberrans need it.

Through the recent ACT Budget, we invested more to future-proof our public health system. This included the single largest investment in our health care system since self-government – the expansion of Canberra Hospital, which will transform the way services are delivered.

From more Walk-in Centres and Mobile Dental Clinics to expanded emergency departments and better mental health services, we understand how important it is to be providing better health services now to meet Canberra's health care needs into the future.

Andrew Barr  
Chief Minister

Produced by: Chief Minister, Treasury and Economic Development Directorate.

YOURSay

## Better in-home care for older Canberrans

Older Canberrans can receive the medical treatment they need faster thanks to the Geriatric Rapid Acute Care Evaluation (GRACE) program.

GRACE makes it easier for older people to avoid unnecessary hospital visits by providing free treatment in a place they are familiar with.

Over the next three years, all residential aged care facilities in Canberra will have the opportunity to take part in the GRACE program.

## Get waiting times on your phone

Get real-time information on wait times, locations and travel directions for your nearest Walk-in Centre or emergency department – helping you decide where to go in the ACT for health care.

The app provides up-to-date information on:

- estimated average wait times
  - the number of people waiting and
  - interactive maps to provide travel times and directions.
- Go to your Apple or Google Play Store and search **ACT Health**

## Health support in Canberra

**59,000+** patients treated at Walk-in Centres each year

**3** Walk-in Centres now open plus **1** in Weston Creek by end of 2019 and **1** in Dickson by end of 2020

**6** Community Health Care Centres

## Jump starting heart treatment

Canberra Hospital is now home to a comprehensive cardiac electrophysiology service to treat patients suffering from cardiac rhythm disorders.

Fewer public hospital patients will need to travel interstate for vital treatment such as cardiac ablation, which scars or destroys tissue in the heart that has allowed incorrect electrical signals to cause an abnormal heartbeat.

## Feeling down as temperatures drop?

You're not alone. These chilly winter days that keep us indoors can impact your mood.

Make sure you eat well and keep up a daily exercise routine.

Making a few small changes to your day can improve your mental wellbeing.

## Practical rehab for Canberrans

The University of Canberra Hospital has helped hundreds of Canberrans through rehabilitation following surgery, stroke, illness or injury in its first year.

Specialists have helped patients like Dane McCormack return to work sooner.

‘I’ve been working with staff from the hospital for over six months now. They have been fantastic in helping me to overcome and manage my memory loss and fatigue,’ he said.

## More beds at Canberra Hospital

Canberra Hospital will add another four IntensiveCare beds and 12 beds for inpatient services in medicine, surgery and aged care.

The Centenary Hospital for Women and Children will expand to support women and young people seeking maternity services and other specialist care.

## Improvements to Woolley St in Dickson

Work will begin on landscape upgrades along Woolley Street later this month.

The temporary upgrades will include public space experiments and trial installations including alfresco dining spaces and play equipment.

## Keepin' it fresh

Healthier food and drinks are on the menu at schools in central Canberra.

Nineteen primary schools are now involved in Fresh Tastes. Students are learning about and participating in:

- › eating well
- › healthy options on their canteen menus
- › growing and cooking food
- › waste-free lunchbox days and
- › healthier options for school fundraising and events.

# Rail Safety week

12-18 August

With light rail operating in Canberra it is important to stay safe and remember to:

- stop and look both ways before you cross
  - stay alert around tracks and platforms
  - pay attention around the tracks and stops.

## Walk to school this winter

12-16 August

Winter Walk to School Week celebrates the fun of walking to school every day.

Staying active, even through winter, keeps us physically and mentally healthy and switched on to learn at school.
