Sleeves roll up for the COVID-19 vaccine

COVID-19 vaccines have begun rolling out across Canberra.

COVER STORY
continues page 2

Pictured: Registered nurse at the Garran Oval COVID-19 Walk-in Testing Site, Maddy Williams, was among the first Canberrans to get her COVID-19 vaccine.

Message from the Chief Minister

The ACT's COVID-19 vaccination program is underway and all Canberrans will have access to a safe and effective vaccine during the rollout.

We are advised by the Federal Government that all Canberrans will have access to the vaccine by the end of the year.

In the meantime, we all have a responsibility to keep Canberra safe.

It will be important to continue to follow COVID safe behaviours – keep your physical distance, stay home if you are unwell, get tested and check in using the Check In CBR app.

All Canberrans will have access to a safe, effective, and free COVID-19 vaccine during the rollout.

COVID-19 vaccine rollout underway

COVID-19 vaccines are rolling out, starting with those who are at greatest risk of exposure and those most vulnerable to COVID-19.

This includes Maddy Williams, registered nurse at Canberra Health Services. Maddy has received her vaccine

and is proud to be doing her part to protect herself, her loved ones, and the Canberra community from COVID-19.

Protect yourself from the flu

Get the flu vaccine before winter to help keep yourself and your family well.

Everyone aged six months and older should get vaccinated – particularly those most at risk of complications from getting the flu. The vaccine is free for some people and is available from GPs, pharmacies, Early Childhood Immunisation Centres and some workplaces.

Many people will be getting vaccinated against the flu and COVID-19 this year. It's important to know the differences between these vaccines, how they will protect you and where to get them.

Health workers named CBR Citizens of the Year

Canberra citizens who have enacted the Territory's public health response to the COVID-19 pandemic have been recognised as the 2021 Canberra Citizens of the Year.

They have been acknowledged for their sustained commitment and exceptional work to protect the ACT community during the global pandemic.

COVID-19 vaccine rollout

Phase 1a

- Health care workers working in high-risk exposure and transmission areas
- Quarantine and border workers
- Residents and staff of aged care and disability residential care facilities

Phase 1b

- People 70 years and over
- Other health care workers, including aged and disability care
- Aboriginal and Torres Strait Islander people 55 years and older
- Adults with a specified medical condition
- Adults living with a significant disability requiring frequent assistance with activities of daily living
- People with a disability or age-related condition and attend centre-based services
- Critical and high-risk workers including defence, police, fire, emergency services and meat processing
- Household contacts of quarantine and border workers
- Other eligible individuals like:
 - Carers (paid and unpaid) of people in 1a and 1b
 - Carers of children with specified underlying medical conditions
 - Disability and aged care support volunteers

People in 1b will be required to demonstrate or self-declare their eligibility.

Phase 2a

- Adults aged 50-69
- Aboriginal and Torres Strait Islander people 18-54
- Other critical and high-risk workers

Phase 2b

- Balance of adult population
- Catch up any unvaccinated people from previous phases

Keep CBR
safe &
strong

Funding boost for light rail to Woden

The Federal Government has thrown its support behind light rail to Woden by contributing funding for the extension to Commonwealth Park (Stage 2A).

This extension will deliver 1.7km of track, three new light rail stops at Edinburgh Avenue, City South and Commonwealth Park, as well as more jobs for Canberrans.

You must check in

The Check In CBR app is now mandatory at most Canberra businesses.

The app is one of the most effective measures we have to manage any potential outbreaks of COVID-19.

→ Download the app at covid19.act.gov.au/check-in-cbr

New infrastructure for Canberra

A range of new infrastructure projects will be delivered this year across the Inner North, City and Inner South.

Projects will support local jobs, while delivering better local community facilities.

National Arboretum Canberra will receive enhanced security measures, and improvements to wheelchair accessible paths and 4.5 kilometres of unsealed roads.

Projects across the Inner North, Inner South and City region include upgrades to:

- Dickson Pool foyer and splash park
- the toilets at Lyneham local shops
- the Dickson Library courtyard
- Manuka Pool fencing and improved accessible entry.

The improvements are part of phase two of the Australian Government's Local Roads and Community Infrastructure Program.

Have your say and help shape our city

It's now even more convenient to be part of the decisions that shape Canberra.

Complete our quick and easy online surveys on a range of monthly topics from environment and climate change, to education and community services.

As well as contributing your views and opinions, you will automatically go into a prize draw to win a \$100 eGift card.

Panel members have already helped to inform government decision-making around COVID-19, public transport and health and wellbeing.

Commemorating Anzac Day

The Australian War Memorial will hold a ticketed Anzac Day Dawn Service and National Ceremony on Sunday 25 April 2021.

Canberrans without tickets to these events are encouraged to observe their own dawn service in their living room or by standing at the end of their driveway from 5.30am on Anzac Day.

→ More at act.gov.au/our-canberra/anzacday2021

Sunday 25 April and Monday 26 April 2021 will both be observed as public holidays.

Sonam Choden named ACT Woman of the Year

During the COVID-19 pandemic, Sonam Choden led her colleagues, cleaners at Calvary Public Hospital, to achieve secure jobs and fair wages.

Only working smoke alarms save lives

Canberrans are being urged to take a few minutes to check their smoke alarm is fully functional.

There are three simple steps:

1. Clean the smoke alarm to remove dust
2. Check the batteries and change them if required
3. Test the smoke alarm.

It's always a good idea to check in with loved ones to ensure their smoke alarm is also in good shape.
