Back to school for Canberra's kids

It's an exciting start to the school year for Canberra's kids kicking off Term 1 at the newly-opened Evelyn Scott School in Denman Prospect.

Named after Indigenous rights activist Dr Evelyn Scott, the new school will cater to 88 preschool and 600 primary school students. From 2023 a further 600 Year 7-10 students will attend the school.

Evelyn Scott School is Canberra's second zero emissions school and has a design focused on sustainability.

**ACT Budget
2020 – 2021**

**What's in it
for you?**

Message from the Chief Minister

The ACT Government has been focused on helping those who most need it since the global pandemic began.

This includes more investment in social and public housing, to help with climate action initiatives like installing solar panels.

Our focus remains: to help those who most need it; to protect and create secure local jobs; to continue essential services and to invest in the social, environmental and economic infrastructure of the future.

Canberra's recovery continues, and we'll keep driving this in the months and years ahead.

Andrew Barr

Back on track to school!

Planning to catch a Transport Canberra bus or light rail service to school this year? Here are some tips:

- > Plan your journey using the online TC Journey Planner.
- > Top up, purchase and register your MyWay card online or at one of many recharge agents across Canberra.
- > Stay COVID Safe. Remember, no cash is being accepted on bus services and entry and exit is from the rear door only.
- > Walking, cycling or scooting to school is a great way to stay COVID Safe. Use crossings and underpasses and don't forget your helmet!

COVID-19 vaccine roll out

A COVID-19 vaccine program will be rolled out nationally in early 2021. The ACT Government will provide Canberrans access to safe and effective COVID-19 vaccines.

Initial doses will be made available to priority groups. To keep our community safe, we must continue practising good hygiene and physical distancing, use the Check In CBR app, and get tested if you have any COVID-19 symptoms – no matter how mild.

Dog park improvements

Work will kick off soon to improve the dog parks in Weston Creek and Tuggeranong with upgrades expected to be completed mid-year.

There will be more grass for dogs to exercise on, more native trees for natural shade, and new irrigation systems for a healthier environment.

FREE vaccinations for students

Year 7 students are offered two doses of the HPV vaccine and one dose of the diphtheria, tetanus and whooping cough vaccine.

Don't forget to sign and return the consent cards to your child's school.

Exploring Light Rail to Mawson

As part of the work being done to deliver Light Rail Stage 2 to Woden, the benefits of extending light rail even further to Mawson are now also being assessed.

In undertaking this work, the ACT Government will be considering whether it makes most sense to include a link to Mawson as part of Light Rail Stage 2, or as part of a future extension to Tuggeranong.

Creating a more sustainable Canberra

Through investments in the 2020-21 Budget we are transitioning to a cleaner future and providing Canberrans opportunities to contribute to our vision.

Zero-interest loans up to \$15,000 will be established for households and not-for-profit community organisations to invest in rooftop solar panels, household battery storage, zero emission vehicles and efficient electric appliances.

All new zero emissions vehicles purchased in the ACT from May 2021 until June 2024 will receive two-year free registration and work will commence in 2021 on delivering ACT's Big Battery.

Helping the community recover from COVID-19

Through the 2020-21 Budget the ACT Government is continuing to support businesses, industries and community members most affected by the COVID-19 pandemic.

- The ChooseCBR program will receive a funding boost to drive more sales through local business.
- The Fast Track infrastructure program will continue to protect and create local jobs, whilst delivering upgraded facilities for the community.
- A Future Jobs Fund will be established that includes a grant program targeting growth industries and higher education.
- More mental health and wellbeing services will be provided to meet the additional needs of the community.
