

Attention all visitors

A number of people have gastroenteritis ('gastro') in this facility at present. We are trying to prevent this illness from spreading.

Visitors are advised that there is a risk of acquiring gastro by visiting the facility at this time. **If you do need to visit at this time, please speak to reception before walking through the facility, and please follow any recommended infection control precautions signs when visiting.**

We ask you not to enter this facility if you currently have any gastro symptoms (diarrhoea and/or vomiting), have recently been ill, or have been in contact with someone who is ill.

Thank you for your cooperation.
