

# Light Rail to Woden Construction Update

November 2022

**BUILT FOR CBR**

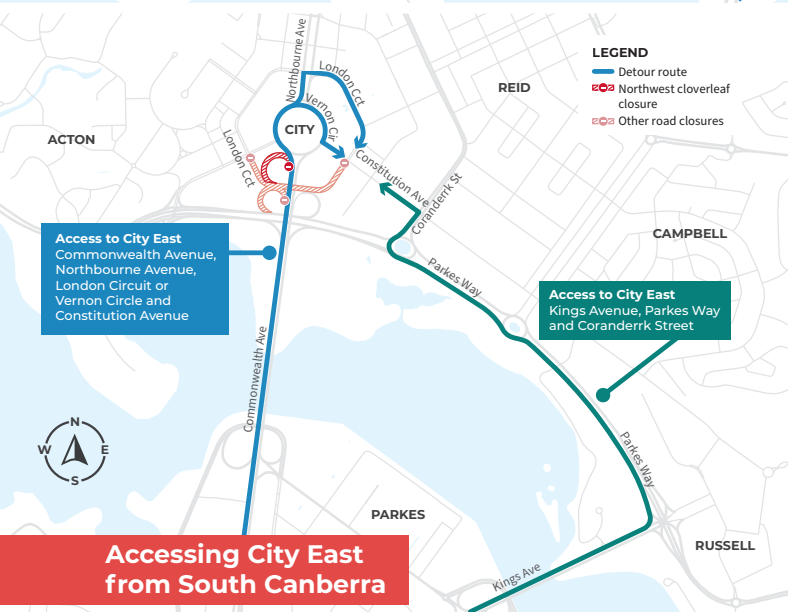

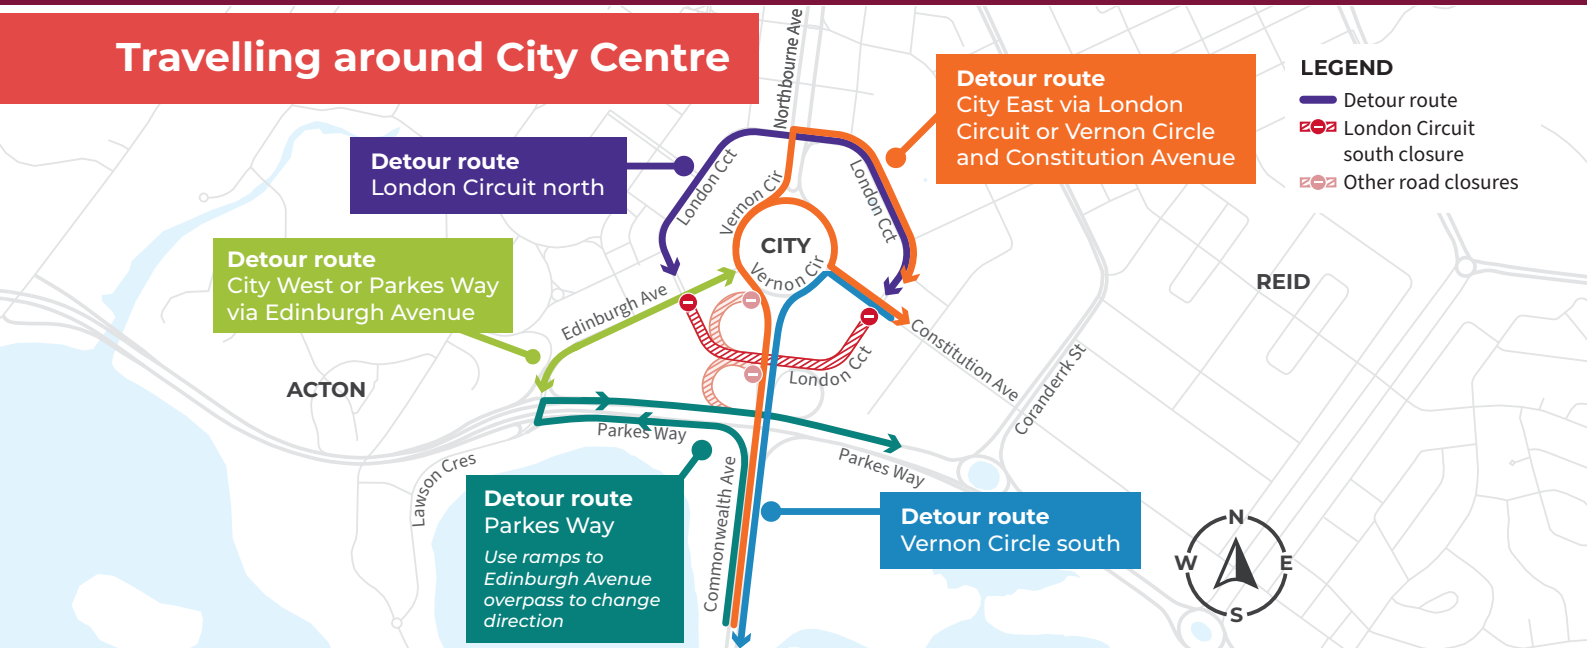

## Raising London Circuit – upcoming road closures and alternative travel options

Once the new traffic lights at Vernon Circle are operational, London Circuit will be temporarily closed between Edinburgh Avenue and Constitution Avenue. The two western cloverleaf ramps will also be permanently closed. This closure will take place from 8pm,

Friday 2 December, weather permitting. This will include the installation of barriers and fencing. Once the closure is in place, work to raise London Circuit by 6 metres will begin by preparing earthworks foundation and the commencement of utility and drainage works.

During the closure, detours will be in place to access city east and west as well as Parkes Way. Here are some maps outlining alternative travel options. For more on travel impacts and alternatives, visit [builtforcbr.act.gov.au/travel-impacts](http://builtforcbr.act.gov.au/travel-impacts).

### Travelling around City Centre

To speak to someone in a language other than English telephone the Telephone Interpreter Service (TIS) **13 14 50**. It operates 24 hours a day, seven days a week.
