

JobTrainer Employment Jumpstart (JEJ) Grants Program

Details of the funding recipients from the 2022-23 JEJ Grants Program are provided below

Organisation	Project Title	Project Description	Grant Amount
West Belconnen Joint Venture http://ginninderry.com 1800 316 900 spark@ginninderry.com	SPARK 2022	The SPARK 2022 project will deliver three programs focused on the conservation and horticulture, general construction and hospitality sectors. The Conservation and Horticulture Program will give individuals an opportunity to experience pathways available in this industry through accredited training and the provision of mandatory tickets, licenses and PPE. The Women in Construction Apprenticeship Program will deliver industry-specific units of competency and non-accredited training such as mental health awareness, bullying and harassment, WHS hazard identification and gender equity awareness - safe and respectful workplaces. The ClubsACT Hospitality Program will equip individuals with the training required to enter a front-of-house role in the sector. All programs under the project will facilitate unpaid work experience for participants.	\$240,010.57
West Belconnen Joint Venture http://ginninderry.com 1800 316 900 spark@ginninderry.com	SPARK 2023	The SPARK 2023 project will deliver three separate programs that focus on the civil construction, general construction and hospitality sectors. The Ginninderry Construction Program will give individuals an opportunity to experience pathways available in this industry through accredited training and the provision of mandatory tickets, licenses, and PPE. The Women in Civil Construction Program will provide individuals with industry experience through the delivery of units of competency. The ClubsACT Hospitality Program will equip individuals with the training required to enter a front-of-house role in the sector. All programs under the project will facilitate unpaid work experience for participants.	\$248,419.82
Kulture Break https://kulturebreak.com 02 6296 3265 admin@kulturebreak.com	Creative Pathways to Employment - (CPE) initiative	The Creative Pathways to Employment project will focus on addressing the skills and employment pathway gaps for young people aged 17-24, particularly school leavers and/or individuals living with some form of disadvantage. The project seeks to equip participants with essential and transferable soft skills to assist them into employment. Individuals will be provided with non-accredited foundation skills training, such as resume writing, interview preparation training, life coaching and personal development skills. All participants will be supported to complete accredited training in customer service, applying work health and safety	\$237,613.00

		practices, and working effectively with others. On completion of this training, participants will be offered an interview with a nominated business industry employer. Successful interviewees will then undertake a paid job placement for a period of up to three months.	
MARSS Australia Inc. https://www.marss.org.au/ 02 6248 8577 info@marss.org.au	Building Communities	Building Communities is a project that will support participants from cultural and linguistically diverse backgrounds to complete a Certificate III in Community Services. With support from a case manager, participants will receive an individualised Case Management Plan that will be reviewed and updated as needed. Participants will have access to non-accredited training, such as informal English conversation classes, Australian workplace cultural awareness training, study skills, resume and job application writing, job interview skills, Australian education system workshops, presenting yourself for an interview and dressing for the workplace. Participants will undertake a work placement to gain practical experience in a community services organisation with a view to being employed in the community services industry.	\$168,433.00
JCE Positive Outcomes http://jcepositiveoutcomes.com.au 02 6258 0033 admin@jcepositiveoutcomes.com.au	Hospitality - From Immersion Training to Gainful Employment	This project will provide students with a Certificate III in Hospitality. Participants will undertake work-ready skills training, including resume writing and interview skills. Participants will be assigned a mentor throughout the duration of the program. Training will include visits to the industry, guest speakers, one-on-one training and practical training in a commercial kitchen. Participants will also have access to work experience opportunities to prepare them for paid employment within the hospitality industry after completion of the program.	\$210,000.00
